

Increaser/Reducer

DIRB54, DIRB65 & DIRB86

The DIRB range is a secure way to increase/decrease duct sizes in gradual staged sections to minimise back flow pressures when increasing/decreasing diameters.

The Increaser/Reducers are constructed from Aluminium and is suitable for Rangehood, Bathroom, Laundry and General Ventilation Application.

Key Benefits

- Internal smoothing to maximise air flow
- Ducting can be clamped for or riveted

Dimensions (mm)

Model No.	A	B	C
DIRB54	100	125	120
DIRB65	125	150	120
DIRB86	150	200	120

Specification

Model No.	Description	Carton Qty
DIRB54	Duct Increaser - 100 - 125mm	4
DIRB65	Duct Increaser - 125 - 150mm	4
DIRB86	Duct Increaser - 150 - 200mm	4
